INVITATION TO THE IV INTERNATIONAL CREATIVE CONGRESS DESIGN PLUS & PARTNER MEETING

10-11 October 2019 | Szczecin, Poland

South Baltic Programme 2014–2020

Dear Project Partners,

It is our pleasure to invite you to participate at the IV International Creative Congress Design Plus which will be held in Szczecin, Poland on 10 – 11 October 2019.

During the Design Plus 2019 conference, the discussion will cover the future of sectors such as fashion, games and audio-visual production as well as the design of products and services. The topics raised will be the design of future, sharing economy and circular economy.

The Design Plus Congress is an opportunity to see that design and business go hand in hand. Entrepreneurs to attract customers outdo each other in originality, and creative competitions are very helpful in shaping the brand and designing good services, products and ecosystems. The challenges faced by designers in the 20th century, such as the creation of a new object, a logotype, the insertion of simple technology into a smaller or larger box, have ceased to be valid in the 21st century. If we are to deal with the massive, continual change that is characteristic of our time, we must all think like designers.

IV INTERNATIONAL CREATIVE CONGRESS DESIGN PLUS will take place in the CKE *Stara Rzeźnia* and Academy of Art in Szczecin.
